

# What Children with Cochlear Implants Need at School

For School Professionals and Parents

Monday, October 22, 2012

9:00 am – 2:30 pm

Registration and coffee at 8:30 am

Westchester Institute  
for Human Development

Cedarwood Hall

20 Plaza West

Valhalla, NY 10595

## Workshop Description

With the majority of children with cochlear implants now attending school in public or private mainstream classrooms, parents and school professionals should be prepared to explain and address the child's needs. This course will review key topics that can help achieve a favorable classroom environment and provide guidance for the regular classroom teacher. Although the focus will be on children with cochlear implants, much of the content is relevant to the needs of any child with hearing loss. Among the topics to be addressed are:

- FM systems
- Classroom acoustics
- Best practices for teachers in the classroom
- Roles of various team members including classmates

## Presenters

- Donna L. Sorokin, M.A., Vice President, Consumer Affairs, Cochlear™ Americas
- Chanel Coleman AuD, CCC-A, Clinical Applications Specialist, Cochlear Americas
- Mindy Schmelzer, AuD, CCC-A, Supervisor of Audiology, Westchester Institute of Human Development

## Audience

Teachers of deaf and hard of hearing children, educational audiologists, speech language pathologists, classroom teachers, administrators, and parents of children with hearing loss.

## Meeting Details

- 5.5 hour workshop
- Continuing Education Units approved from AAA for 0.4 CEUs.
- Continuing Education Units approved from ASHA for 0.45 CEUs.
- Continuing Education Units approved from AG Bell for 4.5 LSLC CEUs.
- Certificates of Participation will be provided on-site.

## Cost

The workshop cost is \$35 which includes morning coffee, lunch, and written materials.
